Teacher-to-Parents

Dear Parents,

Hello! I hope you are doing well enjoyed a nice day off on Monday! With our weather being so hot and cold, and sometimes rainy, it is important to check the weather before sending your student to school. With this in mind, students are putting on coats and taking off coats frequently during the school day. Our coat lost and found rack is full! Please be sure to put your child's name on their outdoor clothing. If you don't want to put it on permanently, then use some masking or painter's tape. Thanks for doing this!

I thoroughly enjoyed my first week full-time student teaching with all of your amazing students! Mrs. Kelley was, and continues to be, always close by. She has been an amazing support to me, and your students have helped me realize how much I love teaching! We have wrapped up our time building and organizing our growth mindset booklets and we will begin encouraging students to utilize these each day. For now, these will remain at school as an additional resource. Report cards will be coming home this Friday. Please send the brown report card envelope back and keep the report card.

Have a good week!

Miss Golden, Mrs. Kelley, and Mrs. King

Week-At-A-Glance

Literacy: In skills, students will be introduced to the "bossy "r"". We will learn how r-controlled vowels can change a vowel sound, focusing this week specifically on -ar and -er words.

Math: This week we will be continuing our focus on 2D and 3D shapes. At the beginning of the week students will learn about defining vs. nondefining attributes of 2D shapes and get practice with drawing 2D shapes when given a defining attribute. Students will be completing their Unit 6 Assessment 1 on Thursday which asks them to draw shapes given a shape attribute. On Friday, we will shift our focus from 2D to 3D shapes while students learn about defining attributes including faces, vertices, edges, and more.

Science: Let's explore soil and plants! We will learn about the needs of a plant including air, sunlight, water, nutrients, and more. Students will get the opportunity to complete multiple science experiments focusing on learning about the different types of soil, soil layers of the earth, and how neglecting to provide essential elements for plants can impact their growth.

Positivity Project: Humor: You like to laugh and bring smiles to other people.

Habit 7: Sharpen the saw. Balance feels best.

April 4- April 8

Reminders...

- Bring a water bottle to school
- Bring a snack to school
- Check the weather!
- Charge your device every night
- Bring back your take home books

What's Happening

Super Kids Day Volunteers

We are still very much on the lookout for parents and guardians who may be able to help with Super Kids Day. If you are a parent or guardian who think you may want to help with our SKD on Friday, May 6th (rain date of Friday, 5/13) please let your classroom teachers know. The goal is to have at least one volunteer at each station to help teachers and students. There will be three sessions for SKD, organized by grade levels. Volunteers do not need to stay for all three sessions. They can help with one, two or all three. It's up to them. For example, helping with one session would likely be around a 2-hour commitment.

Green ES Spring Fling

Do you want to volunteer to help for our Green ES Spring Fling! On Friday April 22, from 5-7 pm, we will be holding our Green Spring Fling on our playgrounds and fields. Everyone is welcome and the cost is free for all Green students and family members. Come say hello to your favorite staff/administration and have a family-friendly fun time. There will be food trucks, face painting, a Master Chang's martial arts station, cotton candy and inflatables, music, spirit wear sales, and more! Volunteers are needed for face painting, art projects, inflatables, spirit wear, and the Home Depot kids' project. Please use the following link to sign up to volunteer for this amazing event:

ELEMENTARY SCHOOL
Leadership and World Languages

Parent Volunteers

Would you like to come in to help students learn sight words? We are in need of volunteers that could come in on a weekly basis to help students practice sight words and check off which words they know. If you are interested let us know by emailing tkelley@wcpss.net, sending a note, or send a message on Class Dojo or TalkingPoints.

Missing Clothes?

Is your child missing a jacket or other outerwear? We have a mountain of clothing and other items that have been left around the school. Let us know and we will help your child look. If the items are not claimed, they will eventually be donated to an organization that helps those in need.

Mark Your Calendar!

March 29: Cultural arts assembly, Donna Washington

April 1: Report cards go home

April 11-15: Spring Break, No School

We need:

- ✓ Tissue boxes for the classroom
